### DISCREET FIXED DOME

The Vista VFD Range of Fixed Domes are designed to provide video surveillance in a wide range of internal applications. Being overt, yet discreet and stylish, the VFD Range sits in a unique position giving peace of mind without undue intrusion.

These attractive, discreet domes are available in standard and high resolution with colour or monochrome options and with a choice of clear or smoked covers (varifocal only).

A 4~9mm varifocal lens is provided on the high resolution models offering increased flexibility and allowing the field of view to be adjusted to obtain the view required ensuring satisfaction to both the installer and user every time.
