

VISTA VF5M17/DW

17" TFT FLAT SCREEN MONITOR

17" TFT FLAT SCREEN MONITOR

The Vista VF5M17/DW is ideally suited to space conscious environments. It is equally at home on the stand supplied as it is hanging on a wall making it truly space efficient.

The high brightness screen gives spectacular detail to images displayed whilst the picture in picture (PIP) function allows multiple inputs to be viewed at the same time.

The full 17" TFT display is capable of taking 2 video inputs, 1 Y/C input and 1 x RGB input selected from front panel controls. With a high speed TFT display and low viewing angle the Vista VF5M17/DW is suitable for many corporate and blue chip applications.

IDEAL FOR APPLICATIONS SUCH AS:

- Retail Premises
- Hotel / Office Reception Areas
- Business Premises
- Shopping Centres
- Petrol Stations

MAIN FEATURES:

- High Brightness Display 430cd/m²
- 1280 x 1024 Resolution
- Wide viewing angles
- 2 x Composite Inputs
- 1 x SVHS Inputs
- PC Input RGB
- PIP (Picture in Picture)
- VOV (Video on Video)

THE UK'S PREMIER CCTV BRAND
