

# VISTA SOLO™

## SINGLE CHANNEL DIGITAL VIDEO RECORDER

### IDEAL FOR APPLICATIONS SUCH AS:

- All existing CCTV applications currently relying on time-lapse VCR hardware
- Retail environments
- Warehousing facilities
- Office complexes
- Commercial premises

### MAIN FEATURES:

- Direct replacement for 960 hour+ time-lapse VCR
- Over one week's recording of S-VHS quality in 24 hour time-lapse mode (with 80GB hard disk supplied)
- Extremely cost effective single channel digital video recorder
- Crystal clear digital images with no subsequent degradation
- Compatible with all leading multiplexers
- Recording speeds up to a stunning 50 pictures per second
- Convenient time lapse, alarm & schedule record modes
- VEXT output for easy interface with multiplexers
- Simplistic search on time, date & alarm

### DIGITAL TECHNOLOGY WITH VCR FUNCTIONALITY

The development of the Vista Solo™ Single Channel Digital Recorder heralds the arrival of the World's first truly effective replacement for VCR recording.

Combining the advantages of modern day digital technology with the functionality and ease of use of traditional VCR alternatives, the Vista Solo™ delivers crystal clear recording while removing the troublesome drawbacks associated with VCR counterparts, namely lengthy image searches, tiresome tape management, and tape storage issues.

Despite the unit's ease of use, you will find the solo an extremely robust machine. With an equivalent storage capacity of 960 hour+ time-lapse VCR operation, the Vista Solo™ provides an impressive 7 days storage capacity at 24Hr time-lapse in mode S-VHS quality (with 80GB hard disk supplied).

The Vista Solo™ single channel digital recorder. Pure, unadulterated simplicity.
