

VISTA VLIH270/W

INTERNAL HOUSING

IDEAL FOR APPLICATIONS SUCH AS:

- Commercial centres
- Warehouses
- Sports centres
- Most other internal applications

MAIN FEATURES:

- Sun Shield
- Bracket Included
- Easy to Install
- Low voltage installations only

INTERNAL HOUSING

The Vista VLIH270/W housing is suitable for virtually any internal application where protection of the camera is necessary. The design of the housing allows the front to be taken off so adjustments to the camera lens can be made whilst the rear can be removed allowing the camera to easily slide into place; this allows the housings symmetries to be maintained when the housing is mounted upside-down or from a ceiling.

The VLIH270/W is built to an excellent standard, yet remains cost effective making it suitable for large and small installations alike.

THE UK'S PREMIER CCTV BRAND
