- Auto head cleaning
- Synchronisation control function

EASY TO USE VCRS

The Vista VVRL range is a high performance, reliable, and fully functional family of recorders - tailored to meet and exceed the specific needs of the Security Industry. Offering an extensive array of essential features the units offer jog shuttle operation with forward and reverse play, auto speed set up, and an extremely useful tape warning system.

However, don't be fooled by the feature-rich pedigree of these units. Their on-screen set-up display, and "end user friendly" functionality, combine to result in an extremely easy to install and operate unit.

Combining proven technology with a robust yet attractive design, Vista VVRL VCRs guarantee reliability, performance and style, whilst remaining cost competitive.

THE UK'S PREMIER CCTV BRAND
